

LEARNING COMPOUNDS WHEN IT CHANGES THE NEXT DECISION.

Experience creates value only
when it improves action.

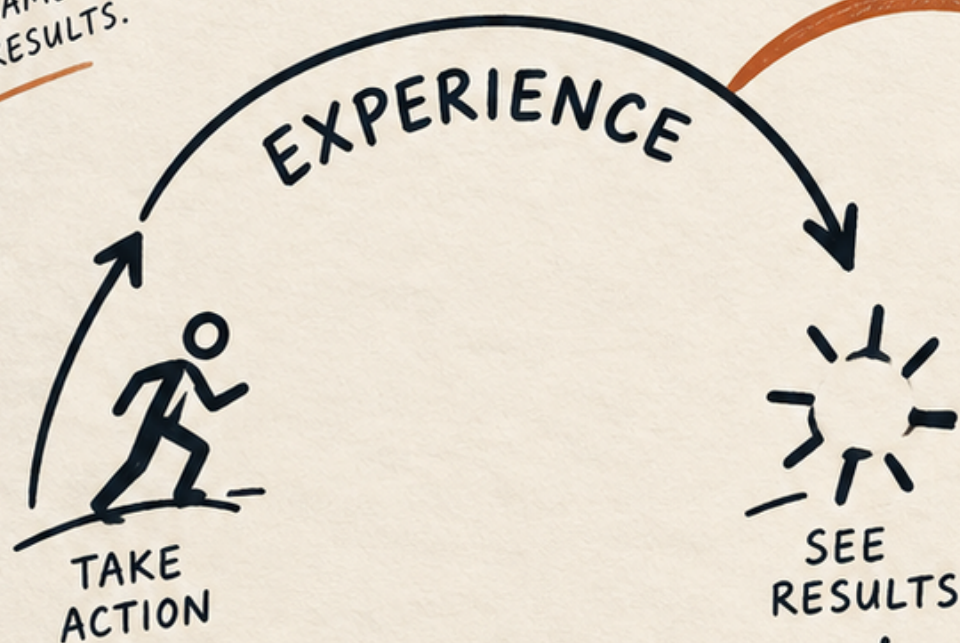

EXPERIENCE ALONE DOES NOT CREATE LEARNING.

Without reflection, the same pattern can repeat.

DIFFERENT
THINKING
CREATES A
DIFFERENT
FUTURE.

SAME
PATTERN
SAME
RESULTS.

NEW
SITUATION.
SAME
CHOICES.

MAKE THE
SAME MISTAKE

DIFFERENT
CHOICES.
A BRIGHTER
OUTCOME.

REFLECTION
TURNS EXPERIENCE
INTO PROGRESS.

SAME LESSON
OR A STRONGER YOU?
YOUR CHOICE.

TURN EXPERIENCE INTO A **DECISION ASSET**

1 NOTICE
What happened?

2 EXPLAIN
Why did it happen?

3 RECORD
What should we remember?

4 APPLY
What changes next?

MAKE THE LESSON SPECIFIC

TURN
EXPERIENCE
INTO PROGRESS

REAL
EXPERIENCES
BETTER
RESULTS

WE OBSERVED:

WE LEARNED:

NEXT TIME WE WILL:

WE WILL KNOW IT WORKED WHEN:

SMALL
LESSONS
LEAD TO
BIG GAINS

THE VALUE OF A LESSON APPEARS IN THE NEXT CHOICE.

What lesson will
change your
next cycle?

RECORD IT. APPLY IT. COMPOUND IT.
